

# SUSTAINABILITY UPDATE

London, 16 September 2016, Wednesday

## **MISC, AET AND PETCO LONDON DRAGON BOAT ROWERS GIVE BACK TO THE GREAT ORMOND STREET HOSPITAL**

MISC, AET and Petco team members at the London office took up their paddles again this year at the 2016 OSCAR (Ocean Shipping Community Advancing Children's Health and Research) Dragon Boat Race at the Docklands Sailing and Watersports Centre in London. MISC, AET and Petco's eleven rowers participated in this exciting race on 16 September which raises money to fund the life-saving research in childhood cancers and immune diseases taking place at Great Ormond Street Hospital.

Great Ormond Street Hospital is an international centre of excellence in child healthcare and the UK's only academic biomedical research centre specialising in pediatrics. Since its formation in 1852, the hospital has been dedicated to children's healthcare and to finding new and better ways to treat childhood illnesses. Great Ormond Street Hospital sees over 255,000 patients a year, mostly referred from other hospitals throughout the UK and the world.

The OSCAR campaign is an innovative fundraising partnership uniting the international shipping community under a philanthropic banner to raise significant funds towards areas of urgent need at Great Ormond Street Hospital. The Group thanks our rowers for participating and representing MISC, AET and Petco to give back to this important organisation.

MISC and AET have each donated £2,000 to the cause to kick-off the campaign. The support of the Great Ormond Street Hospital reflects MISC and AET's goal to invest in our local communities of Malaysia, Singapore, United Kingdom and the United States. As a Group we look to channel our energies and resources into making a difference in the lives of our communities.
